CITY NEWS

Two of Wetaskiwin's popular young people will be married on Wednesday, of next week.

Otto Kling recently sold his farm to J. Hammer, of near Leduc for a good price.

Dr. Lamb and W. Duggan of Camrose, were shaking hands with friends in the city on Monday.

Rev. Burke and his brother, who arrived from Ontario last week, are at Stettler this week on business.

Dr. Blais, of Edmonton, was in the city on Wednesday, in consultation with Dr. Walker on a critical case.

R. T. Burke, of Brantford, Ont., arrived in the city last week to spend some time with his brother, Rev. N. Burke.

Mrs. Duncan MacEachern, went to Lacombe on Wednesday evening's train where she will spend some time with relatives.

Miss Eva Gourlie, who spent the week end at her home here returned to her studies in Alberta College, on Wednesday.

Gilbert Svenson, of Lewisville last week, purchased the Old China 1 very fine and sale stable, which he will conduct in future.

Miss Angus, who has been spending several months in the district with relatives, left on Wednesday evening for her home at Ottawa.

Mrs. N. C. Legge, of Totoda, who has been spending several weeks in the city visiting her parents and other friends, returned home on Wednesday afternoon.

Hear the musical program, at Mrs. Herie's, April 21st.

Mr. and Mrs. Halliday, who have been residents of Wetaskiwin for several months, left this week for the Hand Hills district, where they have taken up a homestead.

Several citizens report that the Haulage Comet early Thursday morning of this week. It was in the eastern sky, and was visible just prior to sun rise.

The ladies of the Methodist church will hold a sale of homemade cooking in the furniture department of Geo. D. Wallace's store, on Saturday afternoon of this week, commencing at 4 o'clock.

Miss Slade has resigned her position as stenographer in the office of W. J. McNamara, and left on Monday for her home in Edmonton. The position is now filled by Mr. Malloy, recently from Ontario.

Judge Harvey and John Perrie, tax commissioner, were in the city on Tuesday last, holding a court for the confirmation of the returns made under the provisions of the Local Improvement Act.

An At Home will be held at the home of Mrs. Herie, on the evening of April 21st, at 8 o'clock, under the auspices of the ladies of the Altar Society of the Sacred Heart Church. Music, refreshments, ice cream. Admission 35 cents.

J. Blades, of Millet was taken to Fort Saskatchewan on Tuesday by Sergt Phillips to serve a two months term for assaulting his wife and family one day last week. He was sentenced by J. P.'s. West of Millet and Mundy of Leduc.

A Rebekah Lodge of the Independent Order of Odd Fellows will be instituted at Stettler on Friday evening of this week. A number of the members of Crescent Rebekah Lodge will be in attendance and assist in the ceremony.

The assembly club committee are busy making preparations for their big dance on Friday evening of this week. An orchestra has been engaged consisting of five pieces and a tasty lunch is being prepared by the ladies. This promises to be the social event of the season.

This should be known as the "Tree" year in Wetaskiwin, as the city council has made arrangements to supply trees at the very low rate of three cents each for any of the following varieties, namely: Manitoba Maple, Ash, Russian Willow, Russian Poplar and Caragana. At this price every citizen in the city should improve the appearance and value of his property by planting trees, and if every citizen will do his duty in this respect it will go a very long way toward making Wetaskiwin "the city beautiful."

Mayor Jamieson, of Calgary, was in the city today.

Mr. R. Beattie, of the Merchants Bank staff attended a dance in Dayland on Friday night last.

Rev. W. T. Young, a former pastor at Millet, will preach at Penron Park next Sunday morning at 11 o'clock.

A. G. Lindbloom, of Water Glen, passed through the city this week on his way to Landerville, where he has taken up land, and will reside in future.

Inspector Campbell has been hot on the trail of unleashed dogs. He has destroyed 13 animals since the campaign began and there are now very few strays about the streets.

J. J. Ritz is having a large addition erected to his residence, on Roseroll street. He is also arranging to use the waterworks and sewer systems as soon as connections can be made.

The Norwegian ladies Society will hold a social at the home of Mrs. Bleier, Tuesday evening, April the 19th, at 7.30 o'clock. A collection will be taken for the benefit of the church. Everybody cordially invited.

Immanuel church—Services will be held in the above church on Sunday next, April 17th, as follows: Holy communion and morning prayer at 11 a. m. Evening Prayer at 7.30 p. m. The Rev. Mr. Dewdney, of Calgary will officiate at all the above services.

The work on the new Imperial Bank block is in full swing, and the mason work is being pushed as fast as the contractors able. The Building faces on Pearce street, with a very artistic front, composed of white marble and pressed brick. The masons are now working on the second story.

The Alberta Government publishes at intervals telephone directories covering the system of the whole Province. This directory is kept as accurate as possible up-to-date, but owing to the large area covered and the fact that many of the telephone numbers there are always subscribers, whose names are not in these directories. Particularly in this case in Wetaskiwin where so many connections have been made during the past three months.

Mr. David A. Ward, Dominion Lands agent is the recipient of a new map of the Dominion, showing the vast areas and untold wealth of our country. It gives the route of the railroad which will be constructed by the Dominion government to Ft. Churchill on Hudsons Bay. The map also gives the proposed steamship route to Liverpool from Ft. Churchill.

This railroad will facilitate western transportation to the old countries and shorten the distance to a very great extent, as all western produce shipped to European markets will be hauled to that terminus on Hudsons Bay and conveyed by steamship direct, whereas the shipping point at present is Fort William, thence the round-about route of the Great Lakes and the St. Lawrence River.

ANOTHER RECORD ESTABLISHED

The Wetaskiwin Produce Company made another record last week by shipping two carloads of eggs from this point inside of seven days. Each car contained 440 cases, or there were 24,400 dozen in both cars. This business was over and above their regular local shipments to B. C. points. This company which erected an up-to-date creamery last fall will open it shortly and will conduct their creamery business along the same lines that have worked out so successfully in the other departments of their business. Their motto is: Highest prices, largest returns.

"Bronchitis."

THE SYMPTOMS ARE

Tightness across the Chest, Sharp Cough and a Difficulty in Breathing, are later of a greenish or yellowish color coming from the bronchial tubes when lying down, especially the first thing in the morning.

Bronchitis is generally the result of a cold caused by exposure to wet and element weather and when neglected will become chronic.

Chronic Bronchitis is one of the most serious causes of Consumption. Cure the symptoms of Bronchitis by the use of Dr. Wood's New Pine Syrup.

***** Miss Marika Kourger, Little Lake, Ontario, writes: "Last winter I was very poorly, had a bad cough, sick headache, and was tired all the time. I consulted two doctors, and both told me I had tuberculosis, and advised me to give up. I tried almost everything but none of the medicines gave me any relief. One of my friends advised me to try Dr. Wood's New Pine Syrup. I had scarcely taken the first bottle when I began to get better and when I had taken four bottles I felt as well as ever, my cough and headache and I could sleep well."

Dr. Wood's is the original Pine Syrup. It is put up in a yellow wrapper, there are three trade marks, and the price is cheap. There are many imitations of Dr. Wood's, so be sure you receive the genuine when you ask for it.

It is manufactured only by The T. Millam Co., Limited, Toronto, Ont.

SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS

ANY person who is the sole head of a family, or may make over years of age, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Enquiries may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Settles—Six months' residence upon cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him or his father, mother, son, daughter brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

DO THE WORK WELL

No farmer can control the amount of sunlight and rain that falls on his land, but by his farming methods he can do a great deal to assist or hinder nature in her efforts to yield him a bountiful harvest.

Speaking in general terms, it may be said that the chief besetting agricultural sin in this country is the desire to do too much ground. To the average man the cultivation of unfarmed acres is so great that he cannot take time to handle properly what he has already sown and the plow.

He does not realize as he should the importance of thorough cultivation. He often has more than three hundred acres a profit much less than he could have from two hundred, if better methods were followed.

Prompt relief in all cases of throat and lung trouble if you use Chamberlain's Cough Remedy. Pleasant to take, soothing and healing in effect. Sold by all dealers.

? QUESTION ?

It has been asked us several times this Season— "How can you afford to sell your Wash Goods at the price you do."

OUR ANSWER

We prefer to sell 100 parcels at 10c each, than 10 parcels at a profit of \$1 each, it means just go more people patronize our store—the only reason for our being in business is to business—this means that we must bring people to our store. Low prices and good values will bring us customers, specially when they come to a bright new store with an entirely new stock.

THE LAND OF OPPORTUNITY

In the Mountpottenger Y.M.C.A. on Thursday evening, Miss Agnes Deane Cameron, the well-known Canadian lecturer and writer, delivered an interesting lecture on "Canada, the Land of Opportunity." Dr. A. P. B. Moore presided over a large audience. In the course of her address following the lecture, she informed the audience that the Province of Alberta is as large as Germany, Saskatchewan as large as France, and British Columbia three times the size of the British Isles. Continuing she said about 200,000 people made new homes in the prairie during the past year, and it is predicted that 1910 will be an unprecedented year for immigration. Western Canada, she said, was the melting-pot of nations. There was taking place the greatest amalgamation of tongues and unifying of faiths the world had ever known. Referring to the education of Western Canada, the lecturer stated that whenever ten children could be gathered together a free public school was maintained and last year 365 new schools were opened in prairie Canada. Miss Cameron concluded by paying a tribute to the North-West Mounted Police, who maintain law and order in a stretch of country as large as Europe. A hearty vote of thanks was accorded to Miss Cameron, on the motion of Mr. W. Ledger, seconded by Mr. R. J. Wilson and in reply she said: "The cry from Macedonia was 'Come over and help us,' but the cry from Western Canada was 'Come over and help yourselves'."

Your Portrait Enlarged An Offer Never Made Before

Free!

Don't pay from \$3.00 to \$6.00 to travelling agents to have your Portrait enlarged. We will have your portrait, or that of any friend or member of your family, enlarged absolutely FREE OF CHARGE

Why will we do this? Read Carefully the Reason.

WE know that you will buy certain necessities for yourself and family in the near future. You MUST buy the necessities SOMEWHERE—we want you to buy HERE. As a special inducement to secure increased trade, we propose for a short time only, to give every customer making cash purchases to the amount of twenty dollars, a handsome three quarter life size 16x20 crayon portrait free—A portrait that would cost from \$3.00 to \$6.00 if bought from a traveling agent.

These portraits are guaranteed—made by the best portrait artist firm in the world. You will be surprised to see how quickly you can get one—with no expense. Every time you make a purchase whether it be for 5c or \$5.00—it is noted down. As soon as your purchase amounts to Twenty Dollars—the free portrait enlargements yours. You will want portraits made because your family history demands it.

Let the children see the picture of their father hanging on the wall—the

picture of their mother—that dear old wrinkled face let them study the sweetness of her life through sorrow, care, unselfish devotion. And the children—the sunshine of the home—you want their portraits to keep for all time. Think of the portraits you have had made this year, and what you have paid for them, and of those you are going to have made next year.

Have them made now, and you might as well have them FREE as to pay a travelling agent from three to six dollars apiece for them. Our offer enables you to do so. Save the money you were going to put into portraits for something else. You must act soon for this offer will not last.

These portraits—beautiful works of art—are now on exhibition in our store. Come in and see them, whether you want one or not. If you want one you can get one of our premium cards for the asking, and the sooner you get it the quicker you will be started on the road to one of these free portraits.

Indigestion

Stomach trouble is but a symptom of, and not
in itself a true disease. We think of dyspepsia
as a disease, and indigestion as a real disease.
It is the result of the stomach being over-
worked, and the food not being properly digested.
The stomach is a very sensitive organ, and
it is the duty of the physician to see that it
is kept in good health. For stomach trouble,
indigestion, heartburn, sour stomach, and
all other ailments of the stomach, we have
a remedy that will cure you. It is a
natural remedy, and it will not harm you.

The School House Wins
(Continued from last week)

In Tennessee it has been done, only
by just a little different process. They
did not use the local option plan in
the same way that most of the other
States have used it, and as you use
it in the Dominion, but they used it
effectively just the same. They got a
law passed in Tennessee that provid-
ed, in the first case, that outside
of municipalities no saloon could exist
anywhere within four miles of a
school house or an institution of
learning. They a little later they got
an amendment that made the law ap-
ply to all cities of 2,000 and under.
Then four years later they made that
law apply to all cities of 5,000 or
under. Then three years ago they got
another amendment that allowed the
law to apply to any city or any sec-
tion where the people voted to put
in new charters. And finally they got
in this last Legislature, the law to
apply to the whole State, regardless
of city or anything else, and now it
is hard to find a place in old Tennes-
see that is not within four miles of
a school house or institution of learn-
ing. (Laughter and applause.) If
some fellow sits up a place and gets
a saloon started, the people go to
work and build school houses (applau-
se), and the thing has worked both
ways; it has eliminated the saloons
and it has been helping the cause of
education in Tennessee. A few years
ago down near Memphis, some fellow
wanted to run a resort on park and
like a good many hotel men, he said
it wouldn't pay unless he sold intox-
icating liquors at a bar at the park;
so he went around trying to find a
place that would come within the law
—that would not be within four miles
of any school house or institution of
learning. He finally found a place
out on one of the islands of the Mis-
sissippi river, off the mainland and
got his recreation park in shape and
going in good order and his saloon
started; and a few good women of the
neighborhood got together and start-
ed a kindergarten. (Great laughter.)
(Continued next week.)

SICK HEADACHE
Sour Stomach, Heartburn, Canker
Mouth Cured by Mi-o-na.
Sick headaches are caused by indig-
estion and a general disturbed con-
dition of the stomach.
Cure the indigestion and the head-
ache, nausea, heartburn, sour stomach,
and that "all in" feeling will vanish.
Mi-o-na tablets will cure indigestion
or any stomach trouble. They will re-
lieve almost instantly. The Red Cross
Drug Store has so much faith in them
that they will give you your money
back if they don't.
Mi-o-na cures by making the stom-
ach strong enough to produce enough
gastric juice to digest all the food
you want to eat. It promptly puts
new life and energy into the over-
worked and played out walls of the
stomach.
Use Mi-o-na for a week, and you
can eat what you want any time you
want it, and there pleasure in doing it.
Your blood will be richer, redder,
purer after taking Mi-o-na, and
it only costs 50 cents a large box.
Frank Oke, St. Thomas, Ont., says:
"My wife was troubled with in-
digestion for a number of years. We
tried a number of preparations to no
effect. Finally she began to use Mi-o-
na and has been entirely relieved of
all these troubles. I am con-
fidentially recommend Mi-o-na."

CANADA'S RESOURCES RECOGNIZED

The Grand an financial and indus-
trial situation is now attracting world-
wide attention. The Dominion will
attract an immigration of 300,000 peo-
ple during 1910, and of these 150,000
will probably be United States farm-
ers, in the opinion of the Montreal
Witness. The big mining develop-
ment of Ontario in gold, silver, copper
and nickel and iron are being financed to
a great extent by United States cap-
ital, and so are the mining develop-
ments of British Columbia. In
British Columbia has a greater ex-
tent of seacoast from Great Britain
and Germany combined and some 3,000
miles of the finest navigable lakes and
rivers. The energy of 25,000,000 horse
power can be developed from its wa-
terfalls, and its fisheries are the rich-
est in the world. Four great trans-
continental railways will soon link
this great province with the east. The
Canadian Pacific has its main line
running through British Columbia to
Vancouver, but it also has a second
line running through the Crownest
Pass to Spokane and to the Kooten-
ays. This line will, of course, be run
through to Vancouver also. The
Grand Trunk Pacific has already been
built from Lake Superior to the Rock-
ies and a great army of railway build-
ers are now engaged completing the
line between the summit of the Rockies
and Prince Rupert, 600 miles north
of Vancouver.
The Grand Trunk Pacific will cross
the Rockies on a maximum grade of
21 feet to the mile. Indeed, from Lake
Superior to the Pacific its maximum
grade will not exceed 21 feet to the
mile, though coming east over the
Rockies there will be a maximum
grade of 52 feet to the mile. This
Grand Trunk Pacific Railway will or-
ganize up a magnificent fruit and agri-
cultural country west of the Rocky
mountains and a mineral country ex-
actly promising.
Indeed, recent developments seem to
indicate that the greater mineral de-
posits of the continent will be devel-
oped on the western slope of the main
chain of the Rockies from Yellow
Head pass to Portland Canal, and
thence onward through southern Al-
aska.

Another Boon For Wetaskiwin Worthy of Comment and Consideration

An application is being made to the provincial registrar of the province of Alberta for the incorporation of a company known as The Hercules Rotary Engine Company, Limited, under the Alberta Companies Act, and filed in the department of the provincial secretary of Alberta. This company has, owns, and controls letters patent for a new and useful invention in a rotary engine of which a model can be seen at their offices in the city of Wetaskiwin. This model has been operated, proven and tried and pronounced by mechanics, machinists and engineers as a wonder, and it is believed will revolutionize the world in engines. It is so constructed that power obtained from this engine (considering the space it occupies) is incomprehensible to the minds of the people of the present day.

Apparently what the world has been looking for in the past years is found in this rotary engine, as it combines all the essential requisites such as power, speed, strength, durability, economy of space, and of the material for the production of power. Possessing the many advantages it does it is safe to say the success of the company is assured. For marine service it can have no equal, as the space it occupies is of great importance. Being of a rotary movement there is no vibration whatever. Being directly attached to the load, there is no friction, or lost energy. Another feature which is of great importance, is marine engines is that it will force a vessel backward as well as forward, producing the desired results. These features set forth are only a few of the many possessed by this rotary engine. Consequently when this engine becomes known throughout the world

which it will by its own merits, it will claim for itself a space second to none. Engine builders all over the world will be attracted and will doubtless try to obtain rights for its manufacture.

The company is capitalized at \$1,000,000.00 divided into 10,000 shares of \$100 each; 400 of these shares will be offered to the public; 400 of these shares will be sold at \$100 per share, the remaining 150 will be sold at an advance, which will be determined by the Board of Directors at the time when they shall be offered to the public. The money obtained from the sale of these shares will be used for the purpose of manufacturing and constructing engines of various capacities and to defray preliminary expenses. These will likely be snapped up very quickly. It is only natural that mechanics, machinists, engineers and capitalists will be eager to obtain an interest in this company, they being practical men, can realize more readily the value of the invention to the world and financially to themselves.

Thus far, not one dollar has been solicited, yet many have already expressed their desire to obtain shares in the company. The men who compose this company are men who have made a success in all their undertakings and no doubt exist as to their future. It is the intention of the company to give the public knowledge the first chance to obtain an interest. If they will avail themselves of the opportunity the company will not lack outside capital.

Application for shares should be made at once owing to the fact that the number to be sold is limited. First come, first served.

COUNCIL PROCEEDINGS

The regular meeting of the City Council was held on Tuesday evening with all present.

Minutes of previous meeting read and adopted.

Correspondence

From B. C. Lott, re price on year coal. The matter was referred to the light committee with power to act.

From A. Y. Blum, re request of permission of fine from Department of Attorney General. Nunnally-May-Bachman-That clerk make application to the Department for the refund.

From C. R. R. re application for a fire extinguisher. MacBachman-Olin-That Mr. R. R. R. be given a fire extinguisher at the price of \$100. Carried.

TO THE FARMERS

Gentlemen: You are all aware no doubt that we have built a creamery in Wetaskiwin and are establishing routes throughout the surrounding district.

We have just learned that certain parties have been over some of our routes and have told some of our prospective patrons that we would not be around. We wish to take exception to this, as we consider this one of our strong points. We are engaging drivers who will have no other occupation except the gathering of cream on the routes we outline for them. They will not leave you in the lurch in buying or in late time but will positively be over your routes throughout the entire season.

And moreover in regard to price to be paid we are in an altogether different position to that of our competitors, whose price will depend on the amount of patronage, and you will take the chances of a good run and a fair price or a poor run and a low price, while with us we will set the price, and we will take the chances of getting enough to make it pay. In this connection we are prepared to guarantee that we will pay more than The Wetaskiwin Creamery paid their patrons who hauled their own cream last season, and we will do the hauling. We are also prepared to guarantee that we will not at any time this season pay less than 20 cent per lb. butter fat.

Gentlemen—We know that it is a large run that makes a creamery pay, and we expect to get this large run, by fair dealing, high prices, prompt returns and efficient service.

Yours for business,
The Wetaskiwin Produce Co.

LEWISVILLE

Services will be held in the Lewisville church on Sunday April 17th, at 11 a.m. and 8 p.m., by Rev. Mr. Bennett, Christian Evangelist. Every body come.

A very painful accident happened to U. G. Stowell on Wednesday of this week. As he was working around a gasoline engine he accidentally tripped, and his foot catching in the fly wheel, his right leg was badly broken in two places below the knee. His many friends regret to learn of his misfortune especially at this season of the year.

PUBLIC SCHOOL BOARD

The regular meeting of the Board of Trustees was held in the Library of the Alexandra school, April 15th, 1910.

Present—Trustees Ellis, Kelley, Hoare and Carlson. On motion of Trustee Kelley Mr. Ellis was placed in the chair.

Minutes of the last meeting read and approved.

Communications were read and disposed of.

The finance committee reported that the parties wishing to contract on the building of the fence had not been able to get the exact measurements of the block and had not handed in their tenders. Moved by Trustee Kelley that the report be received and the committee continued. Carried.

The committee on the school grounds reported, but begged to leave the matter over till the next meeting of the Board. Carried.

Trustee Carlson reported that there was a quantity of stove wood belonging to the school at the church, and moved that the caretaker be instructed to gather up this wood and take it to the new school. Carried.

A communication from the Underwriters Association, re the rate on the new school was read. It was moved and carried that the extra premium called for be paid. It was then agreed that the matter of rebate be taken up with the Underwriters.

Accounts passed amounting to \$110.50.

On motion of Trustee Hoare the salary of the caretaker for the King Edward school was raised to \$40.00 per month.

The principal asked that some steps be taken to protect the garden spots in the school grounds, also that a system be prepared for the care and record of the books in the library.

A committee was appointed consisting of the secretary and principal to arrange matters.
